define your senses...

The Dassia Chandris Hotel & Spa is set on Dassia Bay, just 20 minutes away from Corfu's traditional Venetian town and lively shopping area. Sharing the same grounds and facilities as the Corfu Chandris Hotel & Villas, the Dassia Chandris Hotel & Spa offers 251 elegantly decorated rooms.

With balconies viewing the sea or Mt. Pantokrator; all 251 rooms have air conditioning, mini bar, safe, wifi internet access, hairdryer, bathroom amenities and flat screen TV with satellite channels. Apart from lavish buffet meals served on the attractive restaurant terrace, the Italian style trattoria, the exotic beach bar and the stylish Calypso bar in the lobby provide a tempting variety of refreshments.

There is also the Grill House offering traditional Greek "gyros", souvlaki and a wide selection of snacks.

The Dassia Chandris Hotel & Spa boasts the brand new Cspa which offers the absolute experience of relaxation based on unique therapies. The Cspa is equipped with hammam, sauna, Jacuzzi treatment rooms and fitness centre. Furthermore, the hotel offers a wide choice of recreation possibilities for all age groups including a delightfully located playground with supervised children's club next door, games room, TV room, swimming pool, children's pool and open air cinema with a bar. There are also two tennis courts, an array of water sports from windsurfing to paragliding on the supervised beach and a host of other customized activities.

Like the Corfu Chandris Hotel & Villas, the hotel has a jewellery shop, a newstand and fully equipped meeting rooms.
