

Special Issue: Tax Evasion, Enforcement and Tax Administration

The Journal of Tax Administration (JOTA) is a peer-reviewed, open access journal concerned with all aspects of tax administration. The journal provides an interdisciplinary forum for scholars and practitioners to share knowledge and research on issues of concern to tax administrations, governments, the tax practitioner community and wider society.

The Journal of Tax Administration is planning a Special Issue on 'Tax Evasion, Enforcement and Tax Administration', broadly defined, and the authors of papers presented at IMAEF 2016 are encouraged to submit their papers for inclusion in it. The special issue will be edited by Professor Christos Kotsogiannis, University of Exeter.

Submissions should be sent to jota@exeter.ac.uk by 1st October 2016.

For details of submission requirements, please see the journal website at www.jota.website.
